Crew Aviation
PO Box 35369
Louisville, KY. 40232

Jan 4, 2021

Dear Crew team,

I am pleased to award Crew Aviation your official Flight Leader Wingman certificate, based on your continued participation in WYVERN's Flight Leader Program (FLP). This issuance is among the very first Flight Leader certificates awarded by WYVERN in association with the FLP. This award comes at the recommendation of your Flight Leader Coach, who informs the FLP administration team that your ongoing commitment to excellence in safety is exemplary. I applaud your organization, its leadership, and its great people for doing things right each and every day.

Our primary goals here at WYVERN and in the Flight Leader Program include the encouragement of more operators to follow your fine example, set their goals higher, and strive for continuous improvement. Every member of your team can be proud of your collective endeavors in safety and quality, and of your status as a leader among your peers.

Keep up the terrific work; as you well know, the journey never ends. Even when true excellence is acknowledged, our quest for continuous improvement never ceases.

On behalf of WYVERN CEO Sonnie Bates and the whole WYVERN team, thank you for your continuing participation in our programs. And sincerest congratulations on your achievement of this pinnacle of accreditation within the WYVERN system.

Sincerely,

Alec Blume
Sr. Director, Risk Management Systems
Flight Leader Program Manager
